1. Product description

1.1 Intended use

The **Ethix Goggle Strap HD V3** is a replacement elastic strap that holds FPV goggles on your head. The manufacturer designed it primarily for digital FPV goggles – according to the manufacturer it is compatible with DJI Goggles V1, V2, Goggles 2, Integra, the goggles for DJI Avata and HDZero goggles. It can also be used with analogue goggles that have side strap mounts.

The strap attaches to the goggles at both ends with a snap-fastener tab, and its length is adjusted with a slide buckle. On the back there is a pocket for the goggle battery; the rubberised lining inside the pocket helps to hold the battery in place.

Ethix Goggle Strap HD V3 – green with black stripes and white Ethix logo

1.2 Specifications and package contents

Product designation	Ethix Goggle Strap HD V3, green and black
Manufacturer / brand	Ethix (sold by Team BlackSheep)
Colour	green with black stripes, white Ethix logo
Strap width	40 mm
Side mount width	21 mm

Battery pocket	yes, with rubberised lining
Compatibility (per manufacturer)	DJI Goggles V1, V2, Goggles 2, Integra, goggles for DJI Avata, HDZero goggles
Package contents	1× goggle strap
Not included	FPV goggles, goggle battery, power cable

※ The product contains no electronics and no batteries. The manufacturer does not state the weight or material composition.

2. Use

2.1 Attaching to the goggles

At each end of the strap there is a black tab with snap fasteners. The tab is threaded through the side strap mounts (loops) on the goggles. If the original strap is fitted to the goggles, remove it first according to the goggle manual.

① Open the snap fastener on the tab at one end of the strap.

② Thread the tab through the side strap mount on the goggles.

③ Fold the tab back and close the snap fastener. The strap must not be twisted in the tab.

④ Attach the other end in the same way. The battery pocket must be on the outer side of the strap, with the Ethix logo facing outwards.

⑤ Pull on both ends and check that the snap fasteners are firmly closed.

Strap ends – snap-fastener tabs and battery pocket

2.2 Adjusting the length

① Before putting the goggles on, loosen the strap with the slide buckle.

② Place the goggles on your face and pull the strap over the back of your head.

③ Slide the strap through the buckle to tighten it so that the goggles sit firmly without pressing anywhere.

④ Adjust the position of the strap on your head so that the goggles do not slip when you move your head.

2.3 Holding the goggle battery

If your goggles use an external battery, you can carry it in the pocket on the back of the strap. The manufacturer does not state the pocket dimensions – always check that the battery sits firmly in the pocket and does not fall out when you move your head.

Battery pocket with Ethix logo

- Insert the battery into the pocket so that the cable runs to the goggles without tension and without sharp bends.
- The cable must not be taut even when you turn or tilt your head – otherwise the connector may be pulled out or the goggles may fall.
- Do not use a damaged, swollen or overheated battery. Remove the battery from the pocket for charging.

2.4 Safety, care and storage

- Do not overtighten the strap – prolonged pressure can cause headaches. If you feel discomfort, take the goggles off.
- Before each use, check that the snap fasteners, tabs and elastic band are not damaged. Do not use a damaged strap.
- Do not expose the strap to high temperatures, open flame or prolonged direct sunlight.
- The manufacturer does not provide washing instructions. Clean a soiled strap gently, e.g. with a damp cloth, and let it dry naturally away from heat sources.
- Store in a dry place, without stretching the elastic band, and out of reach of small children and animals.

3. Information for the EU and Czech Market

3.1 Importer and responsible person in the EU

The product is placed on the European Union market by the importer stated below, who is at the same time the responsible person within the meaning of Article 16 of Regulation (EU) 2023/988 of the European Parliament and of the Council on general product safety (GPSR).

Importer / responsible person in the EU	Rotorama, s.r.o.
Company ID (IČO)	051 57 692
VAT ID (DIČ)	CZ05157692
Registered office	Okrajová 1351, 674 01 Třebíč, Czech Republic
E-mail	info@rotorama.cz

3.2 Disposal

- The product is not electrical equipment and contains no batteries.
- Dispose of a worn-out strap in accordance with local waste regulations (usually with mixed municipal waste, unless your municipality specifies otherwise).
- Sort the packaging by material into the appropriate recycling containers.

4. Warranty and rights arising from defective performance

The rights and obligations of the contracting parties are governed by Czech law, in particular by Act No. 89/2012 Coll., the Civil Code, and Act No. 634/1992 Coll., on consumer protection.

- The seller is liable to the buyer for the product being free of defects on receipt. If the buyer is a consumer, a defect may be notified **within two years of receipt** of the product (Section 2165 of the Civil Code).
- If a defect appears within **one year** of receipt, the product is deemed to have been defective already at the time of receipt (Section 2161(5) of the Civil Code).
- When purchasing online, a consumer has the right to **withdraw from the contract within 14 days** of receiving the goods without giving a reason (Section 1829 of the Civil Code).
- Claims should be made with the retailer from whom you purchased the product. The importer's contact details are given in Chapter 3.1.
- The competent body for out-of-court settlement of consumer disputes is the **Czech Trade Inspection Authority**, Štěpánská 796/44, 110 00 Prague 1, www.coi.cz.
